## Product highlights

### With insulated travel bag and cool packs

*Everything you need to maintain your milk supply and to express and store your breast milk when away from your baby.*

### Clinically proven

*As effective as hospital electric pumps.*

### 100% reliable vacuum

*Unique silicone diaphragm provides a guaranteed 100% reliable, comfortable vacuum*

### Natural milk flow

*As you pump, the patented Let-down Massage Cushion flexes in and out, gently massaging the area around the nipple. This is intended to help stimulate natural milk flow.*

### Patented Let-down Massage Cushion

*Five, soft petal massagers gently flex in as you pump and work with the vacuum to imitate your baby's suckling pattern.*

### Easy to assemble and use

*Quiet and portable*
